EDUCATION

Master of Business Administration (MBA) — William Jewell College (Oneday Program) 01/2026 - 06/2027

Bachelor of Arts in Business Administration — University of Washington 2025

- Relevant Coursework: Accounting • Corporate Finance • Business Analytics • Marketing • Operations Management • Business Strategy

PROFESSIONAL SUMMARY

MBA candidate and Business Administration graduate with experience in customer research, business analysis, marketing support, sales, and project coordination. Skilled in analyzing customer and market information, identifying trends, and translating findings into practical business recommendations. Background includes financial analysis, competitive research, customer discovery, CRM systems, and cross functional communication. Seeking to contribute strong analytical, communication, and problem solving skills to marketing, sales, and business analysis roles.

PROFESSIONAL EXPERIENCE

Front Desk Receptionist — Yuan Spa 11/2021 - Present · Bellevue, WA

- Delivered responsive service to 50+ clients daily, answering questions, resolving concerns, and creating a polished client experience in a high-volume front-desk environment.
- Used Milo SMS Marketing to send appointment reminders, scheduling updates, promotions, and service communications.
- Contributed to approximately 4–6% monthly retail and membership sales growth through personalized recommendations and consultative customer conversations.
- Coordinated appointment scheduling, client records, and provider calendars using Booker POS and Mindbody CRM.
- Served as a liaison between clients and service providers, clarifying requests, coordinating follow-up, and maintaining accurate information.

E-Commerce Associate — Fred Meyer 2020 - 2021 · Monroe, United States

- Completed 30+ online customer orders per shift with accuracy while meeting time-sensitive deadlines in a high-volume retail environment.
- Maintained accurate order information and organized multiple requests at once to support efficient daily operations.
- Resolved inventory issues and communicated substitutions to customers to maintain a positive service experience.
- Collaborated with team members to keep workflow on track and meet productivity goals during busy shifts.

PROJECTS

ReadyGroup — Customer Research & Business Development Jan 2026–Present · In progress

- Conducted 20+ customer research interviews and analyzed feedback from 30+ potential users to identify organizer needs, pain points, and business opportunities.
- Synthesized recurring feedback into product priorities, refining the prototype around RSVP tracking, payment status, and overall trip readiness.
- Developing an early MVP and planning pricing and lead-generation experiments to test demand before launch.

Crescordia Business Strategy Case Study | University of Washington 2025 · Bothell, United States

- Evaluated competitive positioning and product strategy using SWOT, VRIO, Porter’s Five Forces, and a multi-factor decision matrix.
- Assessed strategic alternatives across implementation cost, market share, customer satisfaction, product quality, competitive advantage, and future sales.
- Developed an R&D and product testing recommendation to strengthen differentiation, product quality, and long-term competitive advantage.

Retail Industry Financial Analysis | University of Washington Spring 2023 · Bothell, United States

- Collaborated on financial analysis of five major retail companies using financial statements, industry benchmarks, and earnings call research.
- Evaluated profitability, liquidity, asset utilization, debt, cash flow, and other financial ratios to identify business risks and performance trends.
- Compared company performance against competitors and industry averages and translated quantitative findings into written business insights.
